

## **Steel Challenge course of fire:**

Stages consist of 5 static steel targets consisting of 10" and 12" round plates and 18"x24" rectangles at ranges between 7 and 35 yards. Scoring is time plus penalties. Each stage is shot 5 times with 4 best runs counted in final score. Steel challenge rules can be found at <https://steelchallenge.com/steel-challenge-Rules-Home.php>

At least two official steel challenge stages will be included in the match. Stages are located at <https://steelchallenge.com/steel-challenge-stage-library.php>

Shotgun stages consisting of five poppers or 6" plates may be included.

Firearms allowed include centerfire and rimfire handguns, rimfire rifles and pistol caliber carbines. Competitors may shoot in one or more divisions.

For centerfire pistols and revolvers, a holster is required and start position is hands above the shoulders. Allowances will be made for new shooters and those not comfortable with drawing from a holster. For rimfire and pistol caliber carbine, the start position will be from low ready aimed at an aiming point.
